

Swedish-Argentine
Chamber of Commerce

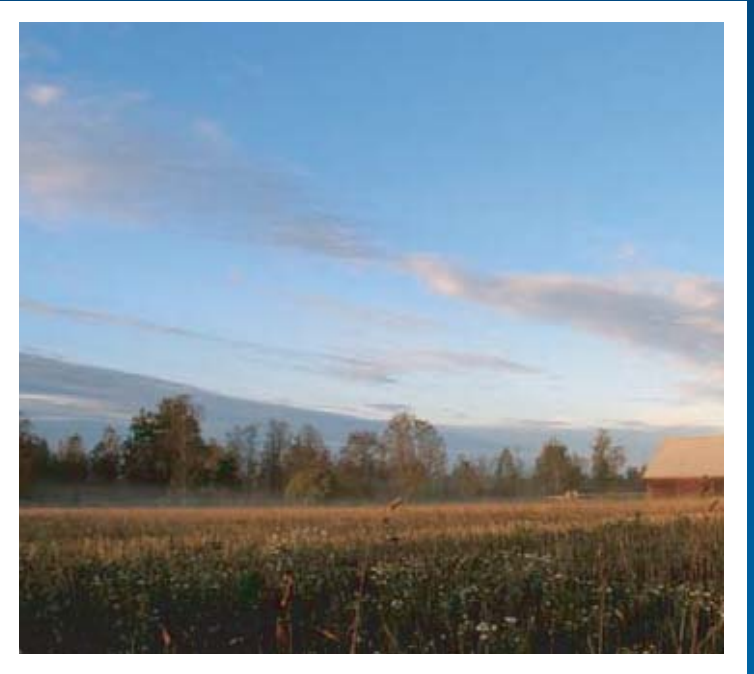

¿WHAT IS CCSA?

The Swedish-Argentine Chamber of Commerce (CCSA) was founded in 1954 as an answer to the growing commercial relations between both countries.

It is a private, independent and non-profit association, whose purpose is to promote trade between Sweden and Argentina and to contribute to the construction of a solid, long standing relation between companies and organizations, thus being a factor for improvement and promotion of industrial and business activities.

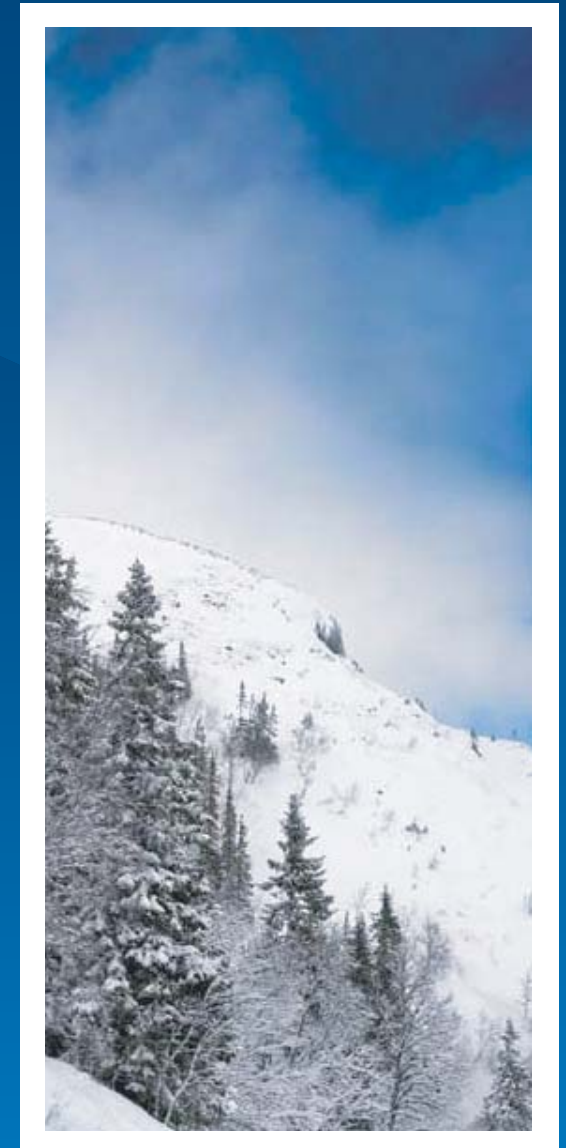

Today, after more than 50 years from its foundation, the Swedish-Argentine Chamber of Commerce is in full standing, and the driving force behind a great number of activities and services.

OBJECTIVES

- To become a driving force for the growth of trade between Sweden and Argentina.
- To work together with Swedish and Argentine government and private organizations, to increase the bilateral commerce between both countries.
- To represent the interests of our members in different areas.
- To offer our members a suitable meeting and discussion point.
- To promote information exchange and further training.
- To help members in the development of their business.
- To give support to our members in their efforts to export / import to and from Sweden.
- To promote the Swedish image in Argentina.
- To promote the image of Argentina in Sweden.

MEMBERS

Members of the Swedish-Argentine Chamber of Commerce (CCSA) are Swedish companies working in Argentina, Argentine companies working together with Sweden or with Swedish companies installed in Argentina, as well as those companies or persons interested in business relations between Argentina and Sweden.

Through the Chamber our members exchange knowledge and experiences on the markets, establish contacts to expand the networks and improve their business opportunities. The Swedish-Argentine Chamber of Commerce, together with other institutions from both countries, assists new companies from Sweden to smooth the progress of their incorporation in the Argentine market, and the same with Argentine companies wishing to become part of the Swedish market.

MEMBERS

Members of the Swedish-Argentine Chamber of Commerce (CCSA) are:

- Swedish companies installed in Argentina or having representatives in Argentina.
- Argentine companies with commercial relations to Sweden.
- Suppliers of companies that are members of the Chamber.
- Employees of the companies that are Members of the Chamber.
- Companies and people interested in the activities of our organization.

SERVICES

- Contacts are made, expanding the working network, thus increasing business opportunities.
- Through a relation of full trust and collaboration with the Argentine Embassy in Sweden, the Swedish Embassy in Argentina and the Swedish Export Council, our organization joins forces towards the development of new markets and commercial opportunities in both countries and in the region.
- We assist members in their training, in areas such as enterprise and business management through working committees, courses, and specific seminars.
- A network of associate professionals is available to advice on different subjects, such as legal affairs, taxation, currency exchange, real estate, etc.
- Market research studies and statistical information for products from Argentina and Sweden. Information about suppliers from Sweden and Argentina, company addresses, contacts and business opportunities.
- Commercial assistance and advice in the search of contacts, representatives, and distributors in Argentina.
